Buhler Furniture announces another innovative product, designed especially for the bedroom!

789 Series - Brentwood Corner Bedroom Fireplace

Buhler is the first furniture manufacturer to address TV and fireplace applications in the bedroom by using a unique corner design.

The 789 Brentwood is a small footprint entertainment cabinet specifically designed to accommodate most 37" flat-screen and 31" tube televisions.

The raised fireplace allows for an unobstructed view of the stunning flame area, and can also be used as an optional heat source.

Using only the highest quality North American oak and maple, Buhler Furniture is committed to delivering quality and value. Its head office and manufacturing facility are located in Winnipeg, Canada.

Features:

- Space-saving corner design
- Lower storage area with adjustable glass shelf
- Mid-mounted 23" remote control fireplace insert
- Accommodates most 31" CRT and 37" flat-screen TV's
- Available in Western Oak or Chocolate Maple

Suggested Retail \$1399 CDN
